## Workshop Topics

### **More Giggles, Less Wiggles! - A professional development for Educators**

Via Goode, Young Audiences of Virginia's 2015 Teaching Artist of the Year, presenting. Would you like to capture the attention, imagination and excitement of your students to better focus their energy and wiggles on learning? How can storytelling in fun, new ways help enhance learning retention? Acclaimed Virginia Storyteller and early childhood educator, Via Goode invites you to experience learning through story to enhance your teaching practice with students in pre-k through second grade. Actively participate as a student yourself, and learn Via's tried-and-true tricks to get students understanding concepts like rhyming, sequencing, identifying patterns, opposites, directions, and using visualization! This fun and interactive professional development course uses popular stories and silly rhymes to get you (and your students) listening with ears, eyes, and mind in no time!
