Meet Libby.
The one-tap reading app from your library

Libby is recommended for iPhones and iPads or phones and tablets running on Android or Windows 10.
(Can also be used to check out and send books to a Kindle e-reader such as Paperwhite)

1. Install the free Libby app from your device’s app store.
2. Open Libby.
3. Answer “yes” to “Do you have a library card” and continue following the prompts to find your library (Williamsburg Regional Library) and add your library card number.

BORROW & READ BOOKS

- Scroll down to browse or tap the magnifying glass in the top left to search
- After tapping a title, tap Borrow if available or Place Hold to get in line
  *TIP: You may have 15 checkouts and 15 holds at a time*
- Borrowed items appear on your Shelf
- From your Shelf, choose Read With: Kindle or Libby

If you choose Kindle, you will be directed to Amazon’s site where you will sign in with your Amazon account, and then click “get library book” button. The book will transfer to whatever Kindle devices you have linked to your Amazon account.

If you choose Libby, from your shelf, tap the cloud icon to the right of the title to download the title to your device, or tap the checkmark to change your download settings.

To renew or return early, go to Shelf and tap Manage Loan next to the title

Stop by the reference desk or call 259.4050 if you have questions, or visit help.overdrive.com
